### Ahok Requests ICW to Monitor Jakarta Officials

TEMPO.CO, Jakarta – Jakarta Deputy Governor Basuki "Ahok" Tjahaja Purnama has asked the Indonesia Corruption Watch (ICW) to oversee the performance the units under his administration.

The supervision ranges from salary structure in the Tax Service Agency, the Jakarta Inspectorate, the Jakarta Financial Management Body and the Jakarta Employment Agency. "Not only the officials, but also the staff," said Ahok on Monday.

Ahok said those four units were chosen given their paramount roles in the Jakarta

### Ahok Formed Gratification Handling Unit to Combat Corruption

Jakarta Governor, Basuki 'Ahok' T Purnama has formed the Gratification Handling Unit (UPG). Its breakthrough also gets full support from the Indonesia Corruption Watch (ICW). The UPG itself was officially inaugurated by Ahok at the Great Hall, City Hall, Wednesday (2/25).

On that occasion, Ahok believes the people will be prosperous if a country is free from corruption. "We must have faith. If the performance of the One-Stop Integrated Agency (PTSP) is good and not controlled by unruly officials, Jakarta residents will also be prosperous," he stated. at City Hall.

## Challenges:

- Many institutions are reluctant to hand their procurement document to LKPP
- The more data given by an institution, the more cases are exposed. So, we found that some institutions headed by reformist leaders have more corruption cases.
